3 The objections of Dr Dr V Narasimha-
murthy Ambhavadar for the acqn of the
property is as follows -

1 The garden will lose its value and the public
will lak undue advantage of entering into
the garden

2 Even though the same drain passes through the
gardens of other people (Subramanya
Sastry and Thammaiah) they are not at all
affected by this and therefore the acqn is only
in the garden and thus the attachments do cause
ill feelings that exists between himself and
the acqn officer

3) If the Immunity is willing to acquire
the other entire garden and spare the cost
thereon, he is prepared to let go the garden

and the objn is rested out on the ground that the object of the

pass through the drain, that whereas the drain
is under the Control of the Immunity, they can
easily attend to it whenever it needed as a good Condn
that the garden of Subramanya Sastry and Thammaiah
is to feel lower than the garden in question
that the value is based as for land acquisition only
and which is in no way loss to the Immunity and
finally the Immunity will acquire only
that portion of the patch land or drain that is actually
required by them and not other properties
